FIGHT OVER FILM

"Birth of a Nation" Brings About a Fistic Duel.

Two Members of Congress Fall Out About Picture.

Washington, May 12.—A fist fight between two members of congress over the moving picture, "The Birth of a Nation," furnished a subject for general congressional gossip today. Representative Lehigh of New Jersey, a family of vigorous abolitionists, and Representative Nichols of South Carolina, a fiery and husky southern gentleman, were the principals in the affair.

Nichols, according to the story told today, was at dinner at a Capitol Hill hotel when the New Jersey representative entered. The two had been friends throughout the present session of congress. They occupy adjoining offices in the house office building and as new members had been together a great deal. When Lehigh entered the dining room the southerner invited him to sit at his table.

In the course of the meal Lehigh took occasion vigorously to criticize the moving picture. He commended resolutions recently introduced in the house for the suppression of the film and spoke at length on his abolitionist ancestry. The southern representative objected to the criticism and the argument with two well directed blows, a left jab and a right uppercut. Before the New Jersey member could recover and return the attack, waiters and nearby diners intervened. The incident closed with Lehigh hurriedly leaving the dining room. Mutual apologies were exchanged later.

CAPT. BOY-ED A HERO

Kaiser Decorates Expelled Naval Attache, Alleged Dynamite Conspirator.

London, May 12.—A Central News dispatch from Amsterdam says that Captain Karl Boy-Ed, formerly naval attache at Washington, has been decorated with the Order of the Red Eagle, third class, with swords by the emperor.

Captain Boy-Ed was appointed to the Washington embassy December 1911. After various charges had been made against him in regard to his connection with passport frauds, the equipment of German commerce raiders from this country and German intrigues in Mexico, President Wilson requested his recall. After the president had declined a request from Berlin to explain the reason for the demand of Captain Boy-Ed's recall, the attache was ordered home last December.

The charges against Captain Boy-Ed continued after his departure from this country. In March of this year when Horst von Der Goltz was arrested in New York, in connection with the plot to blow up the Welland canal in Canada, he made a statement to the United States president attorney charging that Captain Boy-Ed had proposed an invasion of Canada from this country.

PUNISHED OR PROMOTED

French Question Penalty of Sussex Perpetrator, Lieut. Steinbrink.

Paris, May 12.—The official admission that a German submarine torpedoed the Sussex is widely commented on in today's press which considers that the admission accentuates Germany's collapse before President Wilson's resolute attitude. The "Petit Parisien" says that an examination of the comments of the German press shows that it is dominated by the feeling that Germany has undergone one of the gravest diplomatic checks in her history and that she dare not answer back to Washington as she would like.

There is considerable skepticism about the punishment of the commander of the submarine, Marcel Hutin says: "We are curious to know whether the American government will show the same curiosity, as to what sort of punishment has been chosen for the commander of the submarine. Has not Admiral von Capelle promoted Lieut. Otto Steinbrink, the commander of the U-18, which I understand is the submarine which torpedoed the Sussex?"

WILL DIVE FOR BODY

In Diving Suits Men Will Search Mine Sludge Ponds.

Joplin, May 12.—Men in diving suits will descend into water-filled mine shafts and sludge ponds near here in a further effort to locate the body of Frederick Frazier, mine operator who disappeared from Spurgeon, six miles south of here, last August.

That announcement was made today following the postponement yesterday of Neecho of the preliminary hearing of William Craig, charged with second degree murder in connection with Frazier's disappearance, to permit further search for the body.

ARMY TO CROSS GREECE

Allies Determined to Send Serbians Through Neutral Territory.

Berlin, May 12.—The entente powers have decided to resort to force, if necessary, to transport the Serbian troops at Corfu across Greek territory to the Saloniki front, the Overseas News Agency says.

The official Russian press bureau as quoted by Petrograd newspapers, announces that the Greek government is adhering to its decision to refuse permission for passage of the Serbian troops, the News Agency says. "The Russians believe Greece is actuated by fear of Germany. The entente powers have decided to employ force, being prompted by desire to determine definitely the policy of Greece."

TO TAKE HOUSES

Many Unable to Get Rooms in Chicago Hotels.

Coliseum Taken Over by Republican Committee Today.

Chicago, May 12.—Possession of the Coliseum formally was taken over today by the Republican national committee through its sergeant-at-arms, W. F. Stone. Mr. Stone, who has moved his offices there, will keep open house for the army of visitors who are already beginning to arrive.

Applications for hotel accommodations have become so heavy that arrangements are under way to list every hotel and rooming house in the city that possibly may be used.

The demand for accommodations during convention week, June 7, it was learned today has so exhausted the supply of rooms in Chicago hotels that many visitors who live in private homes, in some cases entire houses being rented to care for parties from out of the city. The first person to take this step to secure accommodations was John Wanamaker of New York and Philadelphia, who has taken 14 rooms of 14 rooms on Michigan boulevard for himself and party. Others immediately followed suit and it is said the rental in some cases amounts to \$100 a day and upwards.

William F. Stone, sergeant-at-arms of the Republican national convention, established headquarters at Coliseum annex today. Headquarters for the Progressive national convention will be opened in a day or two, it is said, with F. H. Corrick of Omaha, state chairman for Nebraska, in charge. The headquarters will be at the Auditorium hotel.

NEW HIGHBROW THEORY

Cultured Women Should Sidestep Mothers, Advocates Club Members.

Seattle, Wash. May 12.—Educated, cultured women should not be allowed to be mothers. Motherhood should be restricted to women of the lower classes who have not had the heritage of nerves, temperament and physical development which science admits is what makes the propagation of a life fraught with so much danger and suffering.

So says Mrs. Robert Liggert of St. Paul, in discussing "twilight sleep," with local club women, prior to the question being brought up at the biennial meeting of the general Federation of Women's clubs in New York, when the child birth question is to be discussed.

Mrs. Liggert frankly states her purpose to make women rebel against motherhood until something is done to save them from the pain which many women consider a natural accompaniment.

DUTCH SAILORS MUTINY

Breaks Out Aboard Three Battleships—300 Desert at Java.

Amsterdam (via London, 4:29 a. m., May 12).—Mutiny has broken out on board three Dutch battleships at Java, according to dispatches from Batavia to the Telegraaf. Three hundred sailors deserted the ships and paraded the streets of Weltevreden, a suburb of Batavia. The soldiers of the garrison captured 60 of the mutineers, who have been punished.

ON SHORT RATIONS

Food Situation in Germany Is Growing Worse Daily.

Police Find Hidden Stocks of Meat and Sell Them.

Rotterdam, May 12.—The blockade of Germany is now the paramount factor in the war.

This is not to imply that the food resources of the central powers are exhausted; that anyone has died of starvation or that there is an immediate danger of that fate. But the shortage already is great and if existing conditions continue, famine is inevitable.

For months Germany has been living on short rations. These are getting shorter every day. Everybody gets food, but millions are underfed and it is steadily becoming worse.

Vortwaerts has stated that the Berlin meat markets are empty. On the other hand, official action has revealed hidden stocks of meat which were being held for still higher prices. In one of these raids it was discovered that the principal user was none other than the Kaiser's butcher, who happens to be a woman, Frau Biesold.

For many days the Biesold woman informed the public she was sold out. But the police found thousands of pounds of bacon, ham, pickled beef and yams of fat and lard.

The police went to Frau Biesold's suburban villa, where they brought to light a hidden treasure of nutriment.
